

THE JAPS KILLED  
1,900 CHINAMENBLOODY ENGAGEMENT TOOK  
PLACE ON MARCH 4

Five Hundred Prisoners Are Taken in Addition—Cuban Insurgents Win a Battle Near Santa Clara—Consul General Williams Determined To Do What Is Right—Foreign News.

Hiroshima, March 8.—A dispatch received here from Gen. Nodzu, dated Hal Ching, March 4, says that two divisions of the first Japanese army assaulted New Chwang proper at 10 o'clock on the morning of that day, and entered the city at noon. A portion of the enemy's forces at once fled to Yen Kow, the New Chwang settlement. The remaining Chinese troops made a stubborn resistance, occupying the houses of the city. Some desperate street fighting followed and the Chinese were completely routed at 11 o'clock at night, leaving 1,900 killed upon the field. The Japanese captured 500 prisoners and sixteen guns, together with a quantity of munitions of war and colors. The Japanese loss was 206 killed and wounded. A later dispatch from the front says that at 8 o'clock on the morning of March 4 a force of 10,000 Chinese under Gen. Lung advanced upon Taping Shang, but were repulsed by the fire of the Japanese artillery. The Chinese retreated before noon. The Japanese sustained no loss.

Key West, Fla., March 8.—The report is received here of the engagement Tuesday near Santa Clara, Cuba, between a band of insurgents and a battalion of Spanish soldiers. The government forces, says the advice, were defeated with the loss of several men. A corporal was wounded. The Cuban loss is not stated.

Madrid, March 8.—An official dispatch received here from Cuba says Gen. Gardio has captured the town of Balre. Two of the rebel chiefs were wounded. Forty-three of the insurgents surrendered to the Spanish troops. The remainder fled and are pursued by the government forces.

## OUR CONSUL-GENERAL TALKS.

Mr. Williams Is Determined to Do What Is Right.

Havana, Cuba, March 8.—When Consul-General Williams heard the news that Capt. Gen. Calejia had asked the Spanish government to demand his recall, and that the Spanish cabinet had supported the demand, he said: "I would have resigned long ago but for my family. The latest trouble arises from the prisoners of war, Sanquilly, Aquire, Canillo, and Perazo. They all hold citizenship in the United States. The captain-general insisted that they should be tried by court-martial, while I demanded that their cases be determined by the civil courts and be allowed to have lawyers to defend them. These four prisoners were captured in pursuit of their ordinary avocations. They cannot be bullied. These men got their citizenship papers in New York, and they cannot be questioned. I am ready to leave at any time, but I will protect American citizens as far as possible while I am here. If I had not been defending these men I would have resigned a week ago."

## Spain Says Uncle Sam Is Friendly.

Madrid, March 8.—In the chamber of deputies yesterday Senor Lema questioned the government as to the attitude of the United States toward Spain in regard to Cuba. The minister of the colonies, Senor Abarazueza, said the relations between the United States and Spain were cordial, as the reception of the Spanish cruiser Nueva Espana at Tampa demonstrated. The chamber of deputies has adopted a resolution giving the government an unlimited credit for the suppression of the revolt in Cuba. The Cuban treasurer will be compelled to reimburse the government for whatever sum may be expended in putting down the insurrection.

## Kills Wife and Five Children.

London, March 8.—At Tooting, Surrey, yesterday an unemployed plasterer named Taylor, having become despondent from long illness, murdered his wife and five children and then killed himself.

## CLOSE TO ONE BILLION.

Appropriations of the Late Congress Will Soon Be Given Out.

Washington, March 7.—The official statement as to the total appropriations of the last session of congress have not yet been prepared, and none will be given out until toward the close of the present week, when they will be put forth by Chairman Sayers of the house committee on appropriations and by Representative Cannon. It is thought, however, that the figures will not vary much from those sent out when congress adjourned. The total will not be far from \$496,000,000 for the entire session, and assuming this to be correct, the total appropriation for 1895 and 1896 combined would be \$985,230,685, that for 1895 being \$492,230,680.

Washington, March 8.—The press dispatches received from El Paso, Texas, to the effect that efforts are being made to induce the Mexican government to adopt retaliatory measures against the United States for having abolished the free zone privileges have been shown the treasury officials. So far as they knew, the Mexican government had offered no objection to the resolution while it was pending in congress, and now that it is the law of the land it would be strictly enforced.

## Nebraska's Oleomargarine Law.

Lincoln, Neb., March 8.—There is a probability that the anti-oleomargarine law will be amended by the legislature in conformity with the recommendations of Gov. Holcomb, so that oleomargarine can be manufactured in the state for export. The champions of the new law made a hard fight in the senate to prevent the amendments being referred to a friendly committee, but they were defeated by a vote of 18 to 11.

## NEARLY HAVE A ROW.

Lively Midnight Scene in the Indiana Legislature.

Indianapolis, Ind., March 8.—There was a lively scene in the legislature last night when the majority was at work crowding through a number of political measures that had to reach the governor before midnight. To complicate matters the senate tacked on an amendment to a caucus measure and sent it back to the house at 11 o'clock, after which the senate adjourned, leaving the house no alternative but to accept the amendment. When this was realized there arose a storm in the house almost unprecedented in its nature. The republicans one after another, scored the senators in the bitterest terms, all thought of important legislation on hand being forgotten. Personal encounters between members at one time seemed inevitable, but matters finally quieted down. Before adjourning the senate passed Representative Moore's temperance bill, which is thought by some to be a loosely drawn and unwise piece of legislation. The bribery charges against the legislature have caused a sensation in the senate. The authorities are not going to wait for the legislature to adjourn before investigation and the grand jury has already taken the matter in hand. Lawyer A. F. Knott of Hammond has arrived here and flatly contradicts the charge of Clerk Agnew, who testified before the investigating committee that Knott offered him a bribe to cause the Robby bill to disappear. Knott demands a further investigation. The charges that railroad money was influencing the action of members in smothering all antagonistic railroad legislation resulted in the anti-pass bill being called up in the house yesterday, and it was passed. The bill will go at once to the senate.

## CONTINUES HIS PLEA.

Attorney Erwin Says Good Words for Harry Hayward.

Minneapolis, Minn., March 8.—Mr. Erwin resumed his speech before the jury for the lips of Harry Hayward yesterday. The mother of the defendant was not present, but his father and an aunt occupied seats in the witness row. County Attorney Nye is confined to his bed under a physician's care, and his condition is quite serious. It has developed that in case of a conviction—which is confidently expected by the state—immediate sentence will be moved. The defense has made every preparation for a stay and an appeal in case of conviction. Mr. Erwin continued his attack on the testimony of Blixt, which he admitted was the very focal point of the case. It was full of the most serious contradictions and inconsistencies and unworthy of credence. He then turned to the question of the immunity granted by the state to Blixt and Adry Hayward for the sake of convicting Harry. This, he declared, was a revival of the old and pernicious practice of turning state's evidence in vogue in England, and he called upon the jury to stamp it out.

For ten hours Erwin harangued the jury, and at 5 o'clock, his voice hoarse, his tall form trembling with his efforts, he turned to the court and asked for an hour this morning. He was not able physically to go on with his argument. Judge Smith left it to the jury and consent was finally given.

## MYSTERY DEEPENS.

Peany's Arrest for Killing His Wife Made on False Premises.

Toledo, Ohio, March 8.—New developments in the mysterious murder case at Tontogany upset the theory that the woman's husband, Peter Peany, who was arrested Wednesday is guilty of the crime. Peany says he thinks his wife was killed in mistake for somebody else, but Tontogany people do not think that way. He says the attempt to fasten the crime on him is a put-up job by somebody, he doesn't know whom. The developments yesterday practically explode the theory that the woman was murdered, but make the mystery more profound. Peany will be given a preliminary hearing to-day.

## Valley Residents Protest.

Ottawa, Ill., March 8.—The Ottawa waterway convention, held in the opera-house yesterday afternoon, was attended by 250 delegates from twenty-three cities and villages of the Illinois Valley. They gathered to protest against any change in the drainage law of 1889 and to demand a strict compliance with the law as enacted. They denounced the course of the drainage board in refusing to carry out the provisions of the contract made with the valley, which provides that the drainage channel shall become a part of a proposed great ship canal, extending from Chicago to the Mississippi River. A committee met on the stage after the convention and decided to go to Springfield as nearly as possible in a body. It voted to demand no legislation, but only to prevent legislation which would in any way allow Chicago to escape the act of 1889.

## Brother Kills His Sister.

Seymour, Ill., March 8.—Miss Florence Holmes, 35 years old, was shot and killed by her brother Edgar yesterday. They have had frequent quarrels over the division of the real estate since their mother died, which occurred only a few months ago, and in the morning they met in the kitchen. She drew a revolver to shoot her brother, but he knocked it from her hand and shot her through the neck. Then he pursued her through the hall and shot her a second time through the hand. Edgar gave himself up and a preliminary examination was held and he was held in \$1,000 bail. The sister is dead.

## Fatal Boiler Explosion at Akron, O.

A MOB STOPS WORK  
IN THE COAL MINESFIRST TROUBLE IN THE BIG  
EASTERN STRIKE.

Delegates to the Convention Ordered the Men Not to Return to Their Posts, and a Mob Backed Up Their Manifesto—Shut Down About Complete—No Agreement Reached in Iowa.

Pittsburg, Pa., March 8.—The first sign of trouble since the coal miners strike began Monday night occurred yesterday at the Creedmore mine of the Ohio and Pennsylvania Coal company. The delegate to the miners convention went through the town Wednesday night and ordered the men not to go to work in the morning. As the miners at Creedmore signed a contract a week ago to continue working at the 55 cent rate until May 1, many of the men said they would not violate their agreement. When the objectors went to the mine yesterday they were confronted by a mob who refused them admittance to the works. The loyal men tried to argue the matter, but were forced back and warned not to go in. The mines were then declared closed. The following was given out as a list of the only mines working: New York and Cleveland Gas Coal company, Pittsburg and Chicago Coal company, P. J. Forsyth & Co., Beading Bros., Pickands, Mather & Co., and Robbins Coal company. The total number employed at these works is between 1,500 and 2,000. This leaves about 15,000 men on strike. The Robbins and Pickands, Mather & Co. men are expected to quit to-day. Boyle Bros., operating small mines at Finleyville, have agreed to pay the demands of the strikers and work will resume. This is the miners' first victory. The firm belongs to the Operators' association. It is expected all the small dealers will pay the price because they can not afford to lose the retail trade. If they give in their men will contribute seven cents per ton per man to the support of those still out.

## NO CONCLUSION REACHED.

Coal Miners Likely to Strike in Iowa—Operators Want a Reduction.

Des Moines, Iowa, March 8.—The coal miners and operators, who have been in session here, reached a conclusion to disagree. It looks as if nothing will come of it all. After much wrangling, by a vote of 43 to 23 the operators agreed on a scale of 80 cents, which is a reduction of nearly 20 per cent. The majority votes were cast by Polk, Boone, Webster, and part of Appanoose county. The minority said it represented three fourths of the coal output of the state, and seceded to hold a conference with the miners, but of which nothing has yet come. The struggle all along has been between the men who want to reduce wages and those who want to maintain wages and prices of coal by a strong combination at the same time.

## May Spread in Indiana.

Brazil, Ind., March 8.—The miners' strike may prove a serious affair. They insist upon loading the coal on cars is mined, while the operators demand nothing but clean coal. It is believed the differences between the operators and miners generally will be adjusted here in May, and there is no prospect of the miners striking here to assist their Pennsylvania brethren.

## Deputy Marshals in Charge.

Springfield, Ill., March 8.—Trouble with the striking employees at the rolling mills of the Tudor iron works is feared and United States Marshal Brinton, at the request of President Misenber of the Tudor iron works, has ordered Deputy Marshal Burroughs to remain on duty there.

## TO LYNCH CRAWFORD.

Mob Finally Persuaded by the Sheriff to Give Up Its Plan.

Adel, Iowa, March 8.—A mob of masked and well-armed farmers, mounted on blanketed horses, rode to town about 2 o'clock yesterday morning and demanded of Sheriff Payne that he give them his prisoner Crawford, one of the men who robbed the bank Wednesday. The sheriff refused and told he would defend the prisoner with his life. After some parlaying and a promise from the sheriff that he would not remove Crawford from the county he mob departed. Crawford has made no additional confession to the effect that there was a plan to rob several banks.

## Indict Charles A. Dana.

Washington, March 8.—The grand jury for the Supreme Court of the District of Columbia has returned an indictment for criminal libel against Charles A. Dana, editor, and William M. Laffan, publisher of the New York Sun. The presentment was formally made to Judge Cole, presiding, by the foreman of the grand jury yesterday. It is a formidable document of many pages, setting forth the alleged malicious motives of Messrs. Dana and Laffan in criminally libeling Frank B. Noyes of Washington, proprietor of the Evening Star and one of the board of directors and of the executive committee of the Associated Press. The action will be vigorously defended and one of the most sensational lawsuits on record is promised.

A BIG PACKET SANK

WERE IN PERIL.

Both steamers were owned by Capt. George W. Knight of Trinity, La., and will prove a total loss. Capt. Knight, with the destruction of the Blanks, also lost a bright son of 9 years, whose body has not as yet been recovered. The cargo of the Collins has all saved but the cargo of the Blanks, consisting of 165 bales of cotton, was destroyed.

## To Incorporate Labor Societies.

Lansing, Mich., March 8.—The senate devoted several hours yesterday to the bill providing for a more thorough and stringent system of factory inspection. Opponents of the measure succeeded in reducing the pay of five inspectors from \$1,000 to \$800 each. The total annual appropriation was increased from \$4,000 to \$5,000. The senate committee on labor made a favorable report on the bill recommended by Gov. Rich as a solution of disputes between capital and labor. The bill provides for the incorporation of labor organizations so that they may sue and be sued, and thus settle their difficulties as other corporations do. In the house bills abolishing days of grace on commercial paper and providing for an examination and reappraisal of all state lands were killed.

## Yaquis Kill Men and Women.

Ures, State of Sonora, Mexico, March 7.—A courier has just arrived here bringing news of another outbreak by the Yaqui Indians. A band of about fifty hostile braves left their rendezvous in the mountains and struck the Yaqui river valley. They attacked a number of ranches and killed seven persons, among the victims being two women. Large quantities of grain were also burned.

## Tree Falls on a Locomotive.

Parkers, Pa., March 8.—Passengers on the south-bound afternoon train on the Pittsburg & Western road yesterday had a marvelously narrow escape from death near Heiner station. A terrific wind blew a huge tree directly across the engine, almost derailing the train. The tree made a complete wreck of the locomotive, but no one was injured.

## Big Failure in Germany.

Berlin, March 8.—The greatest excitement has been caused in Farchim by the failure of the Mecklenburg Credit bank at that place. ## Usual Dividend Declared.

New York, March 8.—The directors of the American sugar refiners have declared the regular quarterly dividend of 3 percent on the common stock.

## INCOME TAX ARGUMENTS.

Case for the Appellants Opened—Unconstitutionality Contended.

Washington, March 8.—The Supreme court reached income tax cases yesterday. W. D. Guthrie was recognized to open the case for the appellants. He said that they would depend principally upon showing that the present income tax law is unconstitutional because of its want of uniformity, and quoted at length from the provision of the law to show that the tax is not uniform, contending that congress had no right under the constitution to levy a tax, duty, excise, or import which was variable or lacking in uniformity as to individuals or corporations, because it was the fundamental rule that burdens in these respects should be equally upon all alike.

Mr. Guthrie dwelt upon the exemption in the interest of the Building and Loan associations, which were, he said, relieved of the annual payment of \$500,000 and whose assets, it had been asserted, were greater than the combination of capital of all the national banks. All that men would have to do to evade the operations of the law would be to organize building and loan associations. Mr. Guthrie resumes his argument at 12 o'clock to-day.

## BETTER PRICES WILL RULE.

Iron Trade Review Thinks Market Outlook Is Hopeful.

Cleveland, Ohio, March 8.—The Iron Trade Review this week will say: "Whatever doubt existed as to the ability of producers of Lake Superior Bessemer ores to agree upon a basis for 1895, both as to prices and production that would prevent a repetition of the sorry experience of last year, has been removed. The market to-day is difficult of exact statement, but on prompt shipment the range is fairly \$10.15@10.25 Pittsburg, with sellers unwilling to contract largely for future deliveries, especially in view of the coal strike declared this week and the possibilities of trouble in the coke region. It is urged that the prospect of higher Bessemer ore and higher coke after April 1 sustain the view that, with the accumulated stocks taken up by recent purchase, the low level of Bessemer pig in January and early February will not be touched."

## TRUCK WRECKED BY TRAIN.

Shocking Accident at Detroit—Three Firemen Hurt, Perhaps Fatally.

Detroit, Mich., March 8.—A shocking accident occurred at the intersection of Canfield avenue and the railroad tracks early yesterday. A fire had occurred to which hook and ladder company No. 15 had been called. As the truck was crossing the Detroit, Grand Haven & Milwaukee tracks at the point above stated a freight train dashed down the track and, smashing into the truck, threw it from the track. The following men were probably fatally hurt and were conveyed to the hospitals:

Driver Anthony Forte; married; aged 26. Steersman Christian Goebel, aged 51. Lieut. Charles L. Chase, aged 35. The line of one of the hook and ladder forks entered Korte's head, penetrating the brain. The truck was thrown about 150 feet and wrecked. The horses were badly mangled. Capt. M. F. Wirth was also bruised.

## NEGROES START FOR AFRICA.

First Southern Party Leaves Memphis to Colonize Dark Continent.

Memphis, Tenn., March 8.—Three hundred negroes who arrived in Memphis yesterday on railroads leading from Arkansas, Louisiana, Mississippi and Texas took trains to-day for Savannah, when on March 9 they will embark for Africa. They are transported by the African Migration society, to whom each of them was paid \$41 on installments, which defrays all expenses of the trip. Six thousand negroes are now paying their fares in advance in this way. The negroes who arrived yesterday are mostly farmers, though there are carpenters, blacksmiths, and other craftsmen. One-half are women and children. Though these negroes met yesterday for the first time they have already agreed to settle in Africa together and form a colony by themselves.

THE ROUTINE GRIND  
AT THE CAPITALMANY MATTERS CAME BEFORE  
THE LEGISLATURE TODAY.

Senate Killed the Bill To Do Away with Courts—Bill For Investigation of Capital Employes and Salaries in State Institutions Tabled—Other Business.

Madison, March 8.—The resolution for the appointment of a committee to investigate the salaries and numbers of employes in the state capital and the business methods in the state institutions came up as special order in the assembly this morning, but was laid on table by a vote of 39 to 37. The bills providing for a permanent arbitration committee to settle all civil suits without the aid of the courts of law, was killed. In the senate a few bills were passed, mostly local, after which they adjourned until Monday evening. The Bayfield municipal court bill was amended and passed by the senate under suspension of the rules. The amendment was adopted by the assembly and the bill was passed.

## A CHICAGO MEASURE.

Civic Federation's Civil Service Bill Passed by the House.

Springfield, Ill., March 8.—The civil service bill passed the house yesterday with an emergency clause attached by a vote of 110 to 26, after a smart battle. The query, "What has become of the \$5,000 limit bill?" has been made with much frequency in both branches of the legislature of late. Six weeks ago bills to repeal the law which limits damages in case of death to \$5,000 were introduced in the house and senate and referred to committees, and there they have languished ever since. Representative Wallick introduced the bill in the house.

The bill to prevent public officials, including members of the legislature, from accepting railroad passes was killed in the house.

Among the more important bills introduced in the house were these: Mr. Bailey—To provide that when a prisoner is in the custody of an officer and is taken from such officer by mob violence he may recover damages from the county not exceeding \$5,000. Mr. Boyd—To amend the election law by providing that any person who takes a bribe for his vote may bring suit against the bribe giver for the recovery of any sum not exceeding \$300 and attorney's fees and exempting the bribe taker from any criminal prosecution. Mr. Ferns—Providing for the punishment of pools, trusts, and conspiracies to control prices and as to evidence and prosecution in such cases. The house adjourned to 9 o'clock this morning.

The senate refused to concur in the house amendments to the bill making the emergency appropriation for the militia and the question is, Shall the house recede from the amendments it made, reducing the appropriation from \$364,000 to \$253,000? The chances are the house will not recede, but later in the session there is little question the appropriations asked by the adjutant-general for uniforming the troops and equipments will be made.

Senator Harding's bill abolishing the three days grace on promissory notes, etc., came up in the senate as a special order on second reading. Senator Leeper's amendment that all promissory notes falling due Sundays or legal holidays be payable the day following was adopted and the bill advanced to third reading. Senator Higbee's motion to suspend the rules to consider his bill fixing sleeping car rates and make it a special order for Tuesday was lost by a roll call vote—yeas 23, nays 16. After some further business the senate adjourned until 10 o'clock to-day.

## They Want Uncle Sam to Settle Up.

London, March 8.—Sir Richard Webster, one of the British counsel before the Behring sea tribunal of arbitration, in the house of commons yesterday questioned the government in regard to negotiations for settlement with the United States of the British sealers' claims for seizure prior to the arbitration proceedings. The secretary of the foreign office said steps were being taken looking to a settlement. He also said that Secretary Gresham had expressed deep regret at the unfortunate delay which had taken place in discharging the obligations of the United States.

## Arsen Hides a Murder.

Raleigh, N. C., March 8.—By a slight fire which occurred in the Long hotel at Rockingham yesterday morning, a drunken man named George Gardner was suffocated. At the time it was believed that his careless handling of a coal oil lamp caused the fire, but subsequent developments indicate a strong probability that the unfortunate man was murdered and robbed, and the fire started to prevent discovery of the crime. He is known to have had a large sum of money which can not be found.

## Will Soon Issue a Labor Bulletin.

Washington, March 8.—The issuance of a bimonthly bulletin of the department of labor will be commenced at the beginning of the next fiscal year. ## PILES OF SUPPLIES LIE IN THE DEPOTS

IN THE MEAN TIME NEBRASKA  
PEOPLE STARVE.

Janesville Contributions for Mason City People Are Not Yet Forwarded, Owing to Some Misunderstanding in Regard To Free Transportation—Same Conditions in Other Towns.

Rock county people who contributed supplies for the relief of Nebraska sufferers will be surprised when they are told that their contributions have not been forwarded, and are still stored in the depots at Janesville and Edgerton.

Last evening a Gazette reporter learned that there was about twenty-nine hundred pounds of supplies stored in the Northwestern depot in this city, consisting of flour in sacks, clothing in bundles and some miscellaneous articles, awaiting the orders of some body, but intended for shipment to the relief committee at Mason City, Nebraska.

In Edgerton's depot there is about eighteen thousand pounds of supplies, consisting of grain, flour and clothing. At Baraboo, about twenty tons of miscellaneous supplies, all having been collected for the sufferers at Mason City, are held for shipping orders, there being some misunderstanding relating to free transportation and transfers.

All supplies forwarded are to have been subjected to the orders of a general manager at Lincoln, Nebraska, and it is claimed that he has taken the authority to distribute supplies according to his own idea, regardless of consignments, and that no supplies have as yet reached the suffering colony at Mason City.

There's a Hitch In The Machinery.

"My uncle is now in Baraboo," said J. C. Hill, who has been actively at work soliciting aid, last evening, "and is trying to arrange for sending the Wisconsin donations forward. I was in Edgerton yesterday and requested Mayor Heddles to sell enough grain from the donations stored there to pay the freight on the remainder and to forward the same at once to Mason City. I will also try and arrange to send forward the supplies stored here. The people around Mason City sent my uncle here to see if supplies could be collected, and while the mission was quite successful, it seems strange that they have been held back so long. He thought they had gone forward long ago, and was surprised to learn that nothing had been received. I am a very poor hand to go around soliciting money to pay freight on these supplies but will make an effort to get the shipment off. Word comes from Mason City that the people there are in sore need of help and especially provisions, and I cannot see how it is that all the supplies have been stopped in Lincoln, and that none have gone to Mason City."

ARE TO FORM A CURLING CLUB

Rock County Scots Will Revive the Sport  
—New Members Elected

Janesville Scotchmen will form a curling club. This was decided upon when the Caledonian society convened in annual session yesterday afternoon. George M. McKee, F. M. Marzluff and I. C. Brownell from the honorary membership, and C. C. McLean, W. K. Proudfoot, George Skinner and Alex. Harvey from the regular membership, were appointed a committee to canvass for names and to secure stones, a charter, etc., for the club and make plans for its organization for next season.

Seventeen new members were elected—four active and thirteen honorary—as follows: Active—Alex. Buchanan, W. A. Harvey, David Drummond, Frank Coulter. Honorary—Rev. E. H. Pence, J. L. Croft, C. F. ## NO WATER WORKS IN NEXT WORLD

Therefore Editor Libby Argues That  
Evansville Should Have Them Now.

Editor Libby of the Evansville Enterprise says in his paper: "The blind pigs all being slaughtered, the waterworks and incorporation questions will be made the issue at the coming village election. Those opposed to progress and improvements, will be made issue against them, while these in favor of life, property and happiness will vote for them. Why should we grumble at a few dollars expense if it brings to us an equivalent of comfort, pleasure and happiness, which is the most that we can have in this life and it will be but precious little of this world's goods that we will be able to take with us to the life to come."

"Uncle Josh Spruceby."

Uncle Josh with his hayseed band and their novel parade, played his cards for a full house. He got it. Not for a long time has the opera house been so well filled. A man with his back to the stage would have known it was a good show from the way the audience laughed in the funny places, simpered in the sentimental and strained in the exciting parts. The saw mill scene was especially effective. Uncle Josh will draw big houses wherever he goes. At the Myers Grand tonight. Box office now open.

W. T. Sanford, station agent of Leeper, Clarion county, Pa., writes: I can recommend One Minute Cough Cure as the best I ever used. It gave instant relief and a quick cure. C. D. Stevens.

## THE TOWN TALES OF DAY.

It pays to visit a first class dry goods store to purchase dry goods, where one knows every article is new—this season's stuff—no goods 1 to 6 years old and some at least 20. This is the kind we have and having bought them at the new tariff prices we are selling 70 per cent less than that old stuff, and making a nice profit. Bort, Bailey & Co.

WHAT do you think? We sold a pair of Bannister's patent leather shoes to Mr. E. A. Foster of Milwaukee for \$1.00, a saving of \$2.00. He was so well pleased as to leave an order for another pair to be sent him, care of the Plankinton, if we found his size. We are trying to arrange our stock for the sale tomorrow and could not find the second pair of S. A. Brown Bros. & Lincoln.

We would like to rent about an acre of floor space in the rear of our store to help us out in arranging the North stock, still we wouldn't want it very long as we expect to close out the greater portion of it before farmers turn out on grass. Brown Bros. & Lincoln.

CASE upon case of nice new spring dry goods are arriving, bought away down, much less than we would have paid. We are busy unpacking, but not too busy to wait on customers. T. P. Burns.

THE J. L. North stock that we bought last Saturday, at the assignee sale is now arranged for sale. Come early if you want to get first choice. Brown Bros. & Lincoln.

It's comical to hear the "haberdash" fellows quote us when trying to sell something. They invariably say: "This is the same thing that Ziegler advertises."

The Youman shape of the Roelof hat can only be obtained at Ziegler's. In fact all the popular shapes are to be found there and the real Miller.

GREAT preparations for spring business is being made by T. P. Burns. An immense amount of new spring dry goods is being received.

We are meeting and beating any price named by any competitor and the people are praising us. Bort, Bailey & Co.

We have eight fine buggies which we will dispose of at less than factory cost. If taken at once you can save from \$25 to \$50 by buying now. F. A. Taylor.

## Fun Tonight.

The following from the Racine Journal, speaks very highly of the "Uncle Josh Spruceby" company, which appears at the Grand tonight.

"Belle City opera house was packed to the doors last night, and it was difficult to get a seat in any part of the house, in fact, it was the largest audience of the year. The attraction was the 'Uncle Josh Spruceby' comedy. It is a comedy-drama that deals in New England life. It abounds in many specialties, and Uncle Josh is beset by many awkward perplexities. Will Brantford plays a German part in very good shape and Mlle. Ottabe's skirt dancing was a feature. One of the interesting scenic effects was a real sawmill, and when a young wife was thrown before a whirling saw the audience was carried away with the effect. For that class of comedy it was above the average and the band and orchestra was extraordinarily fine."

Quick Returns From Advertising  
Yesterday evening, as every person in Janesville knows, The Hard Times Store Co. advertised a shoe sale in The Gazette, placing the price at \$1 down. This was the first intimation the citizens of Janesville had of such a sale. At 7 o'clock last evening their store was crowded, and at 8 o'clock it was jammed. Each salesman and saleslady was trying to wait on 4 to 5 customers at once and everybody was clamoring for shoes, and at 9 o'clock, their time to close, they had to tell people to come today. All this originated from The Gazette advertising, and within 2 hours after the paper was distributed. There have been cases in our midst where sales have been advertised for a week in advance (not in The Gazette) for a certain day, and on that day but very few people came. In fact, some such sales have been considered a failure.

## New vs. Old Ways.

Mrs. Newage—Oh, I am almost tired to death. The New Woman club has been in session all day, passing resolutions and drawing up petitions demanding a law regulating the price of bread. Only think! Three dollars' worth of flour costs, when baked into bread, thirteen dollars. It's outrageous! The bakers must be made to feel the power of the law. You should have been at the meeting.

Old Lady—I was too busy.  
"What doing?"  
"Baking bread."—N. Y. Weekly.

## Not His First Visit.

A man with a package in his hand rang the bell at the door of a house in Harlem.

"I've got something that every good housekeeper ought to have," he said.

"What is it?" asked Mrs. Peterby.

"It is a new kind of baking powder."

"None for me, if you please. I slipped up on some baking powder not long ago. It was of no account in the world."

"Is that so? Well, it is possible that I have been here before."—Tammany Times.

## Rough on Men.

He—Ha! ha! ha! Here is a good hit in this paper at the female sex.

She—What does it say about the women?

He—It says that more than half the women in this country are crazy.

She (with a sigh)—I expect that's so. There are a great many married women in this country.—Texas Siftings.

## Murder Will Out.

The Groom (at the first stopping place)—It's no use, Clara, we can't hide it from people that we are bride and groom.

The Bride—What makes you think so, George, dear?

The Groom (dejectedly)—Why, here the waiter has brought us rice pudding!

—Puck.

## A Woman's Wiles.

"Let me have a two cent stamp, please," said the dapper youth.

"We're all out of stamps," said the pretty post mistress, "but we have some lovely postal cards for a penny each."

And manlike he bought a dozen.—Brooklyn Eagle.

## KEPT ONE EYE OPEN FOR A GANG OF BUMS

TURNKEY NORTH WARNED TO  
BE ON HIS GUARD.

Marshal Appleby telephoned up from Beloit that a party had left that city to rescue their friends from jail—Other News From About the Town.

MARSHAL APPLEBY, of Beloit, telephoned Turnkey North last night that a gang of men from the "Willows" and the across-the-line resorts had started for Janesville to rescue the alleged car thieves who are now in the jail. The turnkey did not place much reliance in the report, but at the same time he got ready to receive all comers, and slept with one eye open. As the gang who left Beloit was said to be composed of about the same element that made the attack on the Rockton, Ill., jail a short time ago, the turnkey realized that something might come of it. "Greasy Sal" had said some time ago that such a move was contemplated but no importance was attached to her statement until intelligence was received from another source. The gang did not show up so it was evident that either Marshall Appleby was mistaken or else they gave up the idea after starting out.

## THE G. O. P. IN LINE FOR PARTY SUCCESS

NO FIGHT ON BETWEEN RE-  
PUBLICAN CANDIDATES.

Mayor Thoroughgood Announces That There Is No Strife Between Alderman Child and Himself, as Was Reported, But That the Convention's Choice Is His.

Janesville republicans are standing shoulder to shoulder, and if there is any truth in the statement that "in union there is strength," success is ours. There is no hair-pulling and no grievances to be healed, but all hands are in line for party success. Every one who has given the matter a moment's thought realizes that the republican ticket will be elected in Janesville at the approaching election. The canvass for place has been going on for some weeks in a quiet way, and the result is, there are many good men who have expressed their willingness to be placed on the ticket for some one of the offices. The Gazette, while it has no personal choice, so long as the candidates selected are capable men, is pleased to note the fact that harmony and confidence prevails all along the line, and especially between the candidates who are striving for the same office. This is as it should be. The convention will make the nomination, and whoever is selected is entitled to the united support of the party. Personalities should have no place in the party. The only and right thing for the defeated candidates to do is to work with a will for the success of those who were fortunate in gaining the nomination, realizing thereby that they will be entitled to support in like manner themselves.

There Is No Fight On.

A brief interview with Mayor Thoroughgood this morning in regard to local politics, verifies the statement, and it is insured that no matter who succeeds in gaining the nomination, there will be no personal feeling. Mayor Thoroughgood sends the Gazette the following communication, fully explaining his feelings:

EDITOR GAZETTE: Many of my friends are asking: "Is there not a fight between Mayor Thoroughgood and Alderman Child for mayor?" There is no fight on my part, nor is there about to be one. I do not intend to name delegates to the convention in my interest. So far as I am concerned, if I have served the people satisfactorily the past two years and am nominated again, here I am. If not nominated I am satisfied to step down and take care of my business. Very truly, JOHN THOROUGHGOOD.

Alderman Child, who is also spoken of kindly as a candidate for mayor, expresses himself in the same manner, claiming that he has no personal feeling to carry into the convention, but will work for the success of the republican nominees.

THEY STOOD AT CUPID'S SHRINE.

## DEATH'S CALL CAME TO E. W. VANDERLYN

WELL KNOWN JANESVILLE  
MAN PASSED AWAY TODAY.

Had Been Sick But a Few Days, His Illness Beginning with a Cold Contracted While Serving as Municipal Court Jurymen—Death's Harvest of a Day.

E. W. Vanderlyn died at his home on Washington street at 7:30 o'clock this morning, of pneumonia, aged seventy-three years.

This announcement will be a sad surprise to many Janesville people. Mr. Vanderlyn had been sick only a few days, his fatal illness resulting from a cold he contracted while sitting as a juror in the municipal court last week.

Mr. Vanderlyn was born Feb. 17, 1823, and came to Janesville to reside twenty-six years ago. He was a painter by trade, and while he worked for a time as a journeyman, he has been engaged in business on his own account. He was held in high esteem by all who had the pleasure of his acquaintance, and his death will be deeply regretted by all. He leaves a wife and two children—one son, Henry C. Vanderlyn of Darien, and one daughter, Mrs. Gabriella Epster of Chicago. An only sister also survives him, Mrs. Goss of Edgerton. The arrangements for the funeral have not yet been completed.

## Miss Annie M. Kelly.

Miss Annie M. Kelly died at 11:15 o'clock last night, at the home of her parents, Mr. and Mrs. Thomas F. Kelly, 361 South Jackson street, of consumption, aged twenty-eight years. She is an only daughter, and for some years had been employed in the cigar box factory of J. Thoroughgood & Co. She was a great favorite among her associates as well as the idol of her home and her death caused much sorrow. The funeral will be held from St. Patrick's church on Sunday afternoon at 2 o'clock.

## Mrs. Fred Seeman.

Mrs. Fred Seeman died at her home in Hanover, Wednesday at 11 o'clock of consumption, aged twenty-eight years. ## Funeral of S. L. Hazen.

The remains of Seymour L. Hazen were taken to Baraboo for interment, on the 11 o'clock Northwestern train, and funeral services, conducted by Rev. E. H. Pence, of the Presbyterian church, were held this morning at the home of his son, Walter Hazen, 165 Terrace street. There was a large attendance and many floral tributes were displayed on the casket.

## BABY CONTEST OPEN BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN THE CONTEST.

Five Shares of Stock in the Rock County Building Loan and Savings Association Will be Given the Winner June 1—Value at Maturity Is \$500 and It Is Non Assessable.

The polls for The Gazette contest for the babies is now open and the ballot will be found at the close of this article and will run until June 1, when the contest will close. Much interest is centered in The Gazette's offer to present the baby who gets the highest number of votes with \$500 worth of stock in the Rock County Building Loan and Savings Association. It is a prize worth getting, for naturally it will be worth just half a thousand dollars. That will be a nice nest egg if kept at interest after maturity until the child becomes old enough to want to use it.

It will buy an education. It will buy a building lot. It will buy a piano and the lessons necessary to play upon it.

It is more than many people are able to save in a life time.

Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened this morning and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

Cut the ballot out (trimming on the dotted lines.) Write the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

## THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

—ONE VOTE FOR—

Of Janesville, Wis.

An Eager and a Nipping Wind, A continuous down pour of rain, inclement weather, generally in winter and spring, are unfavorable to all classes of invalids. But warmth and activity infused into the circulation counteracts these influences and interposes a defense against them. Hostetter's Stomach Bitters, most thorough and effective of stomachics and tonics, not only enriches the blood, but accelerates its circulation. For a chill, or premonitory symptoms of rheumatism and kidney complaint, particularly prevalent at these seasons, it is the best possible remedy. It is also invaluable for dyspepsia, liver complaint, constipation and nervousness. Never set out on a winter or spring tour without it. Elderly persons and the delicate and convalescent are greatly benefited by it.

If the Baby is Cutting Teeth, Be sure and use that old and well tried remedy, Dr. Williams' Pink Pills for Pale People. It cures the teething troubles, soothes the inflamed gums, relieves the pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a box.

## SAVE DOCTOR'S BILLS

by paying attention to properly regulating the bowels thereby preventing a thousand and one derangements of the system which follow neglect of this precaution. Once used for this purpose, Dr. Pierce's Pleasant Pellets are always in favor. They're purely vegetable and far better, as a liver pill, than blue pills or calomel. Their secondary effect is to keep the bowels open and regular—no constipation.

Miss MARY ANGLIS, of Glen Easton, Maryland Co., W. Va., writes: "Two years ago I was pale and emaciated, food fermented in my stomach, and I had a better physician pronounced my case 'Catarrh of the Stomach,' but he could not help me. I lived a month without solid food and when I tried to eat I would vomit. At this time I began taking Dr. Pierce's Pleasant Pellets, and in two weeks I was decidedly better. I am now in good health, and never felt better in my life. I have a better color, eat more, and have no distress after eating—having gained thirteen pounds since I began taking them."

FOR SALE.

After four years of very satisfactory experience in real estate transactions, in Missouri, and having during that time, sold \$250,000 worth of well improved farms in northeast Missouri, I am prepared to say to you, that no state in the whole union presents the opportunities to the farmer that Missouri does, that no other state combines so many advantages to the farmer, in no other state can you get rich, well improved farms, in thickly settled locations with lands as good as any in Wisconsin at the prices and upon the terms which I now offer you; her rich soil, mild and equable climate, sure crops, abundance of timber, pure water, nutritious grasses, beautiful blue grass pastures, and above all, her vast crops of all kinds of delicious fruits are among her numerous advantages to the farmer. Her exhibits at the World's Fair in 1893, proved that no country leads Missouri in the production of the fruits, not even France or Spain with their vast vineyards have a y advantage over Missouri in fruit raising. I have in northeast Missouri, rich, well improved farms, near railroads, for sale: 1300 acres at \$35 per acre; 466 acres at \$30; 1172 at \$35; 460 acres at \$2; 540 acres at \$35; 800 acres with \$1,000 in buildings at \$35.
